## **Project Overview**

Classification: Campus/Location: Capital Project Wake Tech East

This project consists of designing and building a three-story, 80,000 GSF Technology 4.0 building. The building will include the following:

- Flexible teaching labs
- High-bay training spaces
- Makerspaces
- Technology labs
- Computer labs
- General classrooms

The following programs will be supported:

- Mechanical Engineering
- Geomatics
- Advanced Electronics
- Mechatronics
- Robotics/Automation
- Biopharmaceuticals
- Bioagriculture
- Tower Erection & Repair
- Unmanned Aircraft Operations & Repair

The facility and its systems will serve as a teaching tool, integrating technologies that students can manipulate and use to learn.

## **Budget & Financing Information**

Total Budget: \$60.4M HUB Goal: 10%

## **Project Status**

Design:January 2022Construction:Spring 2023Anticipated Occupancy:Spring 2025
