The Clery Act – Legal Requirements

The Clery Act requires colleges and universities to:

- Publish an annual report every year by October 1 that contains three years of campus crime statistics and certain campus security policy statements.
- Disclose crime statistics for the campus, public areas immediately adjacent to or running through the campus, and certain non-campus facilities and remote classrooms. The statistics must be gathered from campus police or security, local law enforcement, and other College officials who have “significant responsibility for student and campus activities.”
- Provide “timely warning” notices of those crimes that have occurred and pose an ongoing threat to students and employees.
- Disclose in a public crime log “any crime that occurred on campus or within the patrol jurisdiction of the campus police or the campus security department and is reported to the campus police or security department.”
- Prohibit the institution, or an officer, employee, or agent of the institution, participating in any program under this title from retaliating, intimidating, threatening, coercing, or otherwise discriminating against any individual with respect to the implementation of any provision of the Clery Act.

The Wake Technical Campus Police Department is responsible for preparing and distributing this report. We work with many other departments and agencies, such as the Title IX Coordinators, Office of the Dean of Students and local law enforcement agencies to compile the information. We encourage members of the Wake Tech community to use this report as a guide for safe practices on and off campus. It is available on the Wake Tech Campus Police website.

Wake Tech Campus Police: Who We Are

Located at 9101 Fayetteville Road, Raleigh, NC, 27603, the Wake Tech Campus Police is open 24 hours a day, 365 days a year. The College emergency telephone number is **919-866-5911**. The Wake Tech Campus Police Officers have full powers of arrest pursuant to North Carolina General Statute 115D-21.1 and enforce federal, state, and local laws along with certain college policies. Wake Tech also employs security guards who have been trained and authorized by the North Carolina Private Protective Services Bureau and have completed extensive on-the-job training at Wake Tech. All campuses are patrolled by Officers on foot, on bicycles and in vehicles performing a variety of services such as traffic enforcement, investigations, monitoring intrusion detection and fire alarms, providing escorts, searching for safety hazards and responding to medical emergencies. The officers are also available to assist with motor vehicle lockouts, changing flat tires, vehicle jump starts and many other calls for service.

Campus Police and Interagency Cooperation

Wake Tech Campus Police Officer Authority

The Wake Tech Campus Police Department is a fully-sanctioned law enforcement agency dedicated to protecting the life and property of students, faculty, staff, and visitors on all Wake Tech campuses. Wake Tech Campus Police Officers are sworn officers who have full powers of arrest pursuant to North Carolina General Statute 115D-21.1 and enforce federal, state, and local laws along with certain college policies.

Campus Security Officer Authority and Training

Campus Security Officers are not sworn law enforcement officers and derive their authority from the North Carolina Private Protective Services Bureau. Campus Security Officers are required to complete a training course approved and authorized by the North Carolina Private Protective Services Bureau. Extensive on-the-job training is presented to Security Officers serving at Wake Tech to enable them to perform their duties more efficiently, effectively and safely.

Interagency Cooperation

The Wake Tech Campus Police Department works closely with local law enforcement agencies, as well as with the North Carolina State Highway Patrol and State Bureau of Investigation. The department also relies on several Emergency Medical Services agencies and Fire Departments to respond to emergencies on campus. This arrangement gives us immediate access to resources and support during campus emergencies.

Reporting Criminal Incidents and Other Emergencies

Methods of reporting crime and other serious incidents

All students, employees, and guests should promptly report criminal incidents, threats, violent behavior, accidents, and other emergencies to the College emergency number **919-866-5911**. Crimes can be reported at the following email address: campuspolice@waketech.edu. Additionally, individuals may report incidents in person at the Wake Tech Campus Police Department office located in the Student Services Building, room 233 on the main campus at 9101 Fayetteville Road, Raleigh, NC 27603. Reports may also be reported to Campus Security Authorities (CSA) such as: Title IX Coordinators, Dean of Student Development, the Athletics Director, coaches, faculty advisors to all clubs, instructors at non campus locations, and academic advisors. CSA's have an obligation to report all crimes occurring on campus or at satellite locations to the Campus Police Chief, there are not exceptions to this requirement. If the complainant wishes to remain anonymous that request will be granted.

Reporting Violent or Threatening Behavior

Any person who becomes aware of, or believes that he or she has witnessed an incident of violent or threatening behavior, or who is the recipient of threatening and/or violent behavior, should immediately report such incident(s) to the Campus Police Chief, employee's supervisor, the supervisor's manager, or the Human Resources office. If the person believes that someone may be in imminent danger or if the incident in question has resulted in anyone being physically harmed, the person must immediately contact the Wake Tech Campus Police Department (**919-866-5911**).

Emergency Telephone Call Stations and Elevator Phones

The College has installed emergency two-way call boxes (blue light phones) throughout most campuses for use during emergencies. By pressing the red button on the station, users can communicate directly with the campus Police Dispatch Center. The location of the station is automatically announced to the dispatcher when the call station is activated. Additionally, all elevator phones are answered by the dispatcher. The dispatcher contacts the appropriate emergency response agency.

Voluntary and confidential reporting of crime and other serious incidents

Crimes and other serious incidents can be reported on a voluntary and confidential basis, such as an anonymous report of sexual assault, domestic or dating violence and stalking. Victims or witnesses may anonymously report an incident by calling the Chief of Police at **919-866-5532** or contacting a Campus Security Authority. We encourage the college community to report criminal activity and suspicious behaviors by calling the college emergency number **919-866-5911**. The vigilance of everyone on campus assists the College in evaluating whether a Campus Security Alert should be issued and in collecting valuable information about criminal activity.

Response to Crime Reports and Emergencies

Upon receiving the report of a crime or an emergency at Wake Technical Community College, a campus police officer will respond to investigate. The investigation may include a written report, taking witness statements, pursuing warrants, arrests or school judicial referral.

Monitoring and Recording Criminal Activity at Satellite Locations

The College relies on its close working relationships with local law enforcement agencies to obtain crime statistics involving our campuses and satellite locations. The Campus Police Department will actively investigate any information it receives concerning or involving a member of the campus community. If the Campus Police Department is notified of a situation in which a campus community member is the victim of a crime, the department may issue a Campus Safety Alert, detailing the incident and providing tips so that other community members may avoid similar incidents.

Annual Fire Safety Report and Missing Student Policy

Wake Technical Community College is a non residential institution of higher education. Therefore, the college is not required by the Campus Safety and Security Reporting Act to maintain a fire report or to have a missing student policy.

Access to Campus Facilities

Access to campus buildings and grounds is a privilege extended to students, faculty, staff, and authorized guests. The College encourages an open environment with limited constraints to ensure the reasonable protection of all members of the community. Most campus facilities are normally open during business hours. During non-business hours access to all College facilities is by key, if issued, or by admittance via the Campus Police Department. Individuals who wish to access College buildings or property during non-business hours or for special events should contact the appropriate department administrator, Events Planning Services, or Campus Police Department. On Sundays, Holidays and days in which the College is closed admittance to Campus must be requested 72 hours in advance and given prior approval. This procedure will be strictly adhered to.

Security Considerations in the Maintenance of Campus Facilities

Campus Lighting and Landscape Control

Wake Technical Community College is committed to campus safety and security. Exterior lighting and landscape control is a critical part of that commitment. Police Officers and Facility Services personnel continually conduct security surveys to ensure campus lighting is adequate and that the landscape is appropriately controlled. Police Officers conduct routine inspections of lighting on campus during regularly assigned patrol duties. If lights are out or dim, officers will initiate an immediate work order, which is acted upon by Progress Energy or a representative of Facility Services, usually within 24 hours or the next business day. We encourage community members to report any deficiency in lighting through the "School Dude" work request system.

Physical security and emergency phones

Any community member who has a concern about physical security should contact the Police Department at **866-5911**. The Campus Police Department and Facility Services work together to identify inoperative locking mechanisms. We encourage community members to promptly report any locking mechanism deficiency by submitting a "School Dude" work request. Officers also conduct inspections of all elevator and blue light phones to ensure they are working properly. Any inoperable phones are immediately reported. Officers and Facility Services maintenance staff are available to respond to calls for service regarding unsafe facility conditions or for personal safety and property protection. These conditions also may include unsafe steps or handrails, unsafe roadways on campus, and unsecured equipment.

Timely Warning Notices

In the event that a situation arises, either on or off campus, that, in the judgment of the Chief of Police or his designee, constitutes an ongoing or continuing threat to health or safety, a campus wide "timely warning" will be issued. Members of the college who know of a crime or other serious incident should report the incident immediately by phone (**919-866-5911**) to the Wake Tech Campus Police Department so that a Campus Safety Alert can be issued, if warranted. This information will be sent to all currently registered students and current employees using the college email system. Students and employees should take responsibility for checking their email accounts frequently. Timely warnings will be issued based on the nature of the crime, if the crime is a continuing danger to the college community, and if the notification does not pose a risk to law enforcement efforts.

Campus Emergency Response and Immediate Warning

Wake Technical Community College will immediately without delay, and taking into account the safety of the community, determine the content of the notification, and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, comprise efforts to assist a victim or to contain, response to or otherwise mitigate the emergency. The Campus Police Chief or his designee will determine the content of notification and initiate the notification process. All available methods of emergency communication will be utilized should such an event arise. The Wake Tech Campus Police Department will send emergency text messages, computer "pop-up" messages, telephone notification to all employees and postings on the college website for all students and employees. Wake Tech Campus police utilize an Emergency Notification System called "**Wake Tech Warn**" to notify students, faculty and staff in the

event of emergencies. **“Wake Tech Warn”** has the technology to let us rapidly notify individuals via email, text and voice messages. All students, staff and faculty are encouraged to set up a **“Wake Tech Warn”** account through the link titled **“Wake Tech Warn”** on the schools web page. All students, faculty and staff will receive **“Wake Tech Warn”** emails at their waketech.edu email address automatically. Wake Tech has a standing Crisis Management Team comprised of members from every department of the College to facilitate activation of the College Business Continuity plan in the event of an emergency affecting the health and safety of the college community. The Business Continuity Plan contains the College’s Emergency Response Plan which can be seen at www.waketech.edu. Evacuation procedures are included in the Emergency Response Plan. The Emergency Response Checklist is posted in all classrooms and office suites throughout each campus. Various tests of the Emergency Plan and evacuation procedures such as active threat, fire, bomb threats, earthquake, gas leak, shelter in place and tornado drills are conducted periodically on all campuses.

Crime Log

The Wake Tech Campus Police maintains a Crime Log that records, by the date the incident occurred, all crimes and other serious incidents that occur on campus, in a non-campus building or property, on public property, or within the Division’s patrol jurisdiction. The Crime Log is available for public inspection at the Dispatch Center office located in Building E on North campus at 6600 Louisburg Rd, Raleigh, NC 27612. Additionally, the Wake Tech Campus Police Department publishes a daily crime log on their website. The Daily Crime Log includes the nature, date, time, and general location of each crime reported to the department, as well as the disposition of the complaint, if this information is known at the time the log is created. The department posts specific incidents in the Crime Log immediately after receiving the officer’s incident report and reserves the right to exclude reports from the log in certain circumstances.

Crime Prevention Education and Awareness

Preventing crime through collaboration and cooperation

Crime prevention is a top priority of the agency. Together with other campus offices, the agency provides programs to enhance personal safety, teach proactive crime-reduction strategies, and help community members develop self-esteem, which contributes to a healthy community. The campus’s crime-prevention strategy rests on a multilayered foundation of a proactive area patrol of campus buildings and parking lots, crime prevention education and identification of potential criminal activity. This approach relies on the dual concepts of eliminating or minimizing criminal opportunities, whenever possible, and encouraging community members to take responsibility of their own and other’s safety. The College Police Chief is available to assist any individual or group in planning, presenting, and coordinating programs of interest or concern.

College fire prevention information

All campus buildings have smoke detectors and some are equipped with sprinkler systems. All buildings have a Fire Alarm Control Panel which identifies the area of the building that is in alarm. Newer buildings have alarm panels which automatically call the fire department when activated. Officers respond to all alarms, assist in the evacuation of the building and direct responding emergency services personnel to the scene. The Environmental Health and Safety Division conduct periodic fire drills (evacuations) on all campuses during the academic year. The College requires complete evacuation of buildings during a fire alarm. Ignoring fire alarms is a violation of fire codes and could result in appropriate action against the responsible person. Since false alarms may lower the evacuation response from the college community, the Agency, with the help of Facility Services will investigate the cause or causes of false alarms and work to reduce their occurrence. By reducing the number of false alarms, we hope to maintain everyone’s diligence in responding.

If you must walk alone on campus at night, Campus Police will provide an escort upon request. A request can be made by calling the college non-emergency number, **919-866-5943**.

Security concerns

The Wake Tech Campus Police Department is open to security, safety concerns, and suggestions from the College community, including staff, faculty, students and visitors. The primary goal is to identify areas of the campus that may present vulnerabilities to one's safety. The department works with the appropriate college department to address and eliminate any potential hazard.

Harassing and obscene phone calls

It is against the law to make obscene or harassing phone calls. Conviction is punishable by a fine and/or prison. If you receive such calls:

- Hang up immediately.
- Do not give out any information.
- If the incident occurs on campus, report the call to Campus Police by calling the College emergency number, **919-866-5911**.
- If the calls persist to your personal telephone(s) contact the Customer Service number listed on your telephone bill to speak with a service representative about other products, services, and/or options available to manage these annoyance calls.

Emergency Phones

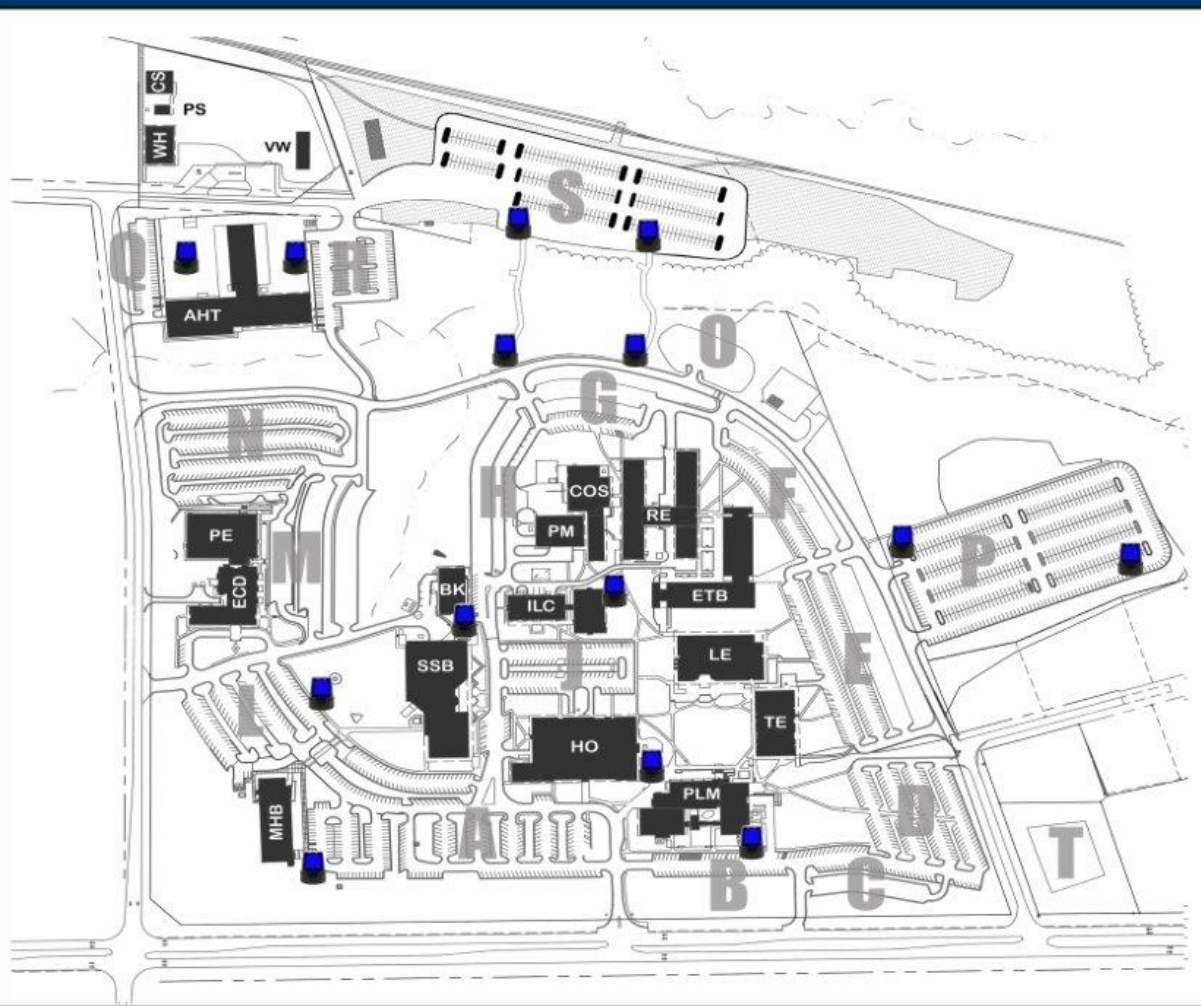

Emergency Call Telephones

The Health Sciences Campus, Main Campus, Northern Wake Campus and Public Safety Education Campus are equipped with non-dial outdoor emergency telephones located at strategic points on campus. These phones are easily identified by their columns topped with blue lights. When the red button is pushed the caller is in immediate contact with the Wake Tech Campus Police Dispatch Center. In addition to providing contact with campus police, the dispatcher is also able to pinpoint the caller's location. These phones are for emergency use only. SEXUAL/GENDER MISCONDUCT PLAN & PLAN EXPECTATIONS

PLAN STATEMENT

Members of the Wake Technical Community College's community, guests, and visitors have the right to be free from sexual violence. All members of the campus community are expected to conduct themselves in a manner that does not infringe upon the rights of others. Wake Technical Community College believes in zero tolerance sexual or gender-based misconduct. When an allegation of misconduct is brought to an appropriate administrator's attention, and a respondent is found to have violated this plan, serious sanctions will be imposed to reasonably ensure that such actions are never repeated.

This plan has been developed to reaffirm these principles and to provide recourse for those individuals whose rights have been violated. This plan is intended to define community expectations and to establish a mechanism for determining when those expectations have been violated.

EXPECTATIONS WITH RESPECT TO PHYSICAL SEXUAL MISCONDUCT

The expectations of our community regarding sexual misconduct can be summarized as follows: In order for individuals to engage in sexual activity of any type with each other, there must be clear, knowing and voluntary consent prior to and during sexual activity. Consent is sexual permission. Consent can be given by word or action, but non-verbal consent is not as clear as talking about what you want sexually and what you don't. Consent to one form of sexual activity cannot be

automatically taken as consent to any other form of sexual activity. Silence--without actions demonstrating permission--cannot be assumed to show consent.

Additionally, there is a difference between seduction and coercion. Coercing someone into sexual activity violates this plan in the same way as physically forcing someone into sex. Coercion happens when someone is pressured unreasonably for sex.

Because alcohol or other drug use can place the capacity to consent in question, sober sex is less likely to raise such questions. When alcohol or other drugs are being used, a person will be considered unable to give valid consent if they cannot fully understand the details of a sexual interaction ("who, what, when, where, why, or how") because they lack the capacity to reasonably understand the situation. Individuals who consent to sex must be able to understand what they are doing. Under this plan, "No" always means "No" and "Yes" may not always mean "Yes". Anything less than a clear, knowing and voluntary consent to any sexual activity is equivalent to a "No".

EXPECTATIONS WITH RESPECT TO CONSENSUAL RELATIONSHIPS

Romantic or sexual relationship between individuals in unequal positions (such as teacher and student, supervisor and employee) may be less consensual than perceived by the individual whose position confers power. The relationship also may be viewed in different ways by each of the parties, particularly in retrospect. Furthermore, circumstances may change, and conduct that was previously welcome may become unwelcome. Even when both parties have consented at the outset to a romantic or sexual involvement, this past consent may not remove grounds for a later charge of a violation of applicable sections of the faculty/staff handbooks.

While the college does not wish to interfere with private choices, relationships of a romantic or sexual nature in which power differentials are inherent (faculty-student, staff-student, administrator-student, etc.) are unethical. These relationships are **prohibited** between a faculty member, supervisor, or other members of the college community and any person for whom he or she has professional responsibility.

SEXUAL VIOLENCE -- RISK REDUCTION TIPS

Risk reduction tips can often take a victim-blaming tone, even unintentionally. With no intention to victim-blame, and with recognition that only those who commit sexual violence are responsible for those actions, these suggestions may nevertheless help you to reduce your risk of experiencing a non-consensual sexual act. Set out below are suggestions to avoid committing a non-consensual sexual act:

- If you have limits, make them known as early as possible.
- Tell a sexual aggressor "NO" clearly and firmly.
- Try to remove yourself from the physical presence of a sexual aggressor.
- Find someone nearby and ask for help.
- Take affirmative responsibility for your alcohol intake/drug use and acknowledge that alcohol/drugs lower your sexual inhibitions and may make you vulnerable to someone who views a drunk or high person as a sexual opportunity.
- Take care of your friends and ask that they take care of you. A real friend will challenge you if you are about to make a mistake. Respect them when they do.

If you find yourself in the position of being the initiator of sexual behavior, you owe sexual respect to your potential partner. These suggestions may help you to reduce your risk for being accused of sexual misconduct:

- Clearly communicate your intentions to your sexual partner and give them a chance to clearly relate their intentions to you.
- Understand and respect personal boundaries.

- DON'T MAKE ASSUMPTIONS about consent; about someone's sexual availability; about whether they are attracted to you; about how far you can go or about whether they are physically and/or mentally able to consent. If there are any questions or ambiguity then you DO NOT have consent.
- Mixed messages from your partner are a clear indication that you should stop, defuse any sexual tension and communicate better. You may be misreading them. They may not have figured out how far they want to go with you yet. You must respect the timeline for sexual behaviors with which they are comfortable.
- Don't take advantage of someone's drunkenness or drugged state, even if they did it to themselves.
- Realize that your potential partner could be intimidated by you, or fearful. You may have a power advantage simply because of your gender or size. Don't abuse that power.
- Understand that consent to one form of sexual behavior does not automatically imply consent to any other forms of sexual behavior.
- Silence and passivity cannot be interpreted as an indication of consent. Read your potential partner carefully, paying attention to verbal and non-verbal communication and body language.

In campus hearings, legal terms like "guilt", "innocence", and "burdens of proof" are not applicable, but the College never assumes a student is in violation of College policy. Campus hearings are conducted to take into account the totality of all evidence available, from all relevant sources.

The College reserves the right to take whatever measures it deems necessary in response to an allegation of sexual misconduct in order to protect students' rights and personal safety. Such measures include, but are not limited to, modification of class schedule, interim suspension from campus pending a hearing, and reporting the matter to the local police. Not all forms of sexual misconduct will be deemed to be equally serious offenses, and the College reserves the right to impose different sanctions, ranging from verbal warning to expulsion, depending on the severity of the offense. The College will consider the concerns and rights of both the complainant and the person accused of sexual misconduct.

SEXUAL MISCONDUCT OFFENSES INCLUDE, BUT ARE NOT LIMITED TO:

- A. Sexual Harassment;
- B. Non-Consensual Sexual Contact (or attempts to commit same);
- C. Non-Consensual Sexual Intercourse (or attempts to commit same); and
- D. Sexual Exploitation

Sexual Harassment is unwelcome, gender-based verbal or physical conduct that is, sufficiently severe, persistent or pervasive that, unreasonably interferes with, denies or limits someone's ability to participate in or benefit from the College's educational program and/or activities, and is based on power differentials (quid pro quo), the creation of a hostile environment, or retaliation.

Examples include: an attempt to coerce an unwilling person into a sexual relationship; to repeatedly subject a person to egregious, unwelcome sexual attention; to punish a refusal to comply with a sexual based request; to condition a benefit on submitting to sexual advances; sexual violence; intimate partner violence, stalking; gender-based bullying.

Non-Consensual Sexual Contact is any intentional sexual touching, however slight, with any object, by a man or a woman upon a man or a woman, which is without consent and/or by force.

Sexual Contact includes Intentional contact with the breasts, buttock, groin, or genitals, or touching another with any of these body parts, or making another touch you or themselves with or on any of these body parts; any intentional bodily contact in a sexual manner, though not involving contact with/or/by breasts, buttocks, groin, genitals, mouth or other orifice.

Non-Consensual Sexual Intercourse is any sexual intercourse, however slight, with any object, by a man or woman upon a man or a woman that is without consent and/or by force.

Intercourse includes vaginal penetration by a penis, object, tongue or finger, anal penetration by a penis, object, tongue, or finger, and oral copulation (mouth to genital contact or genital to mouth contact), no matter how slight the penetration or contact.

Sexual Exploitation

Occurs when a person takes non-consensual or abusive sexual advantage of another for his/her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited, and that behavior does not otherwise constitute one of the other sexual misconduct offenses.

Examples of sexual exploitation include, but are not limited to:

1. invasion of sexual privacy;
2. prostituting another person;
3. non-consensual video or audio-taping of sexual activity;
4. going beyond the boundaries of consent (such as letting your friends hide in the closet to watch you having consensual sex);
5. engaging in voyeurism;
6. knowingly transmitting an STD or HIV to another student;
7. exposing one's genitals in non-consensual circumstances; inducing another to expose their genitals; and
8. sexually-based stalking and/or bullying may also be forms of sexual exploitation.

ADDITIONAL APPLICABLE DEFINITIONS

Consent: Consent is clear, knowing, and voluntary. Consent is active, not passive. Silence, in and of itself, cannot be interpreted as consent. Consent can be given by words or actions, as long as those words or actions create mutually understandable clear permission regarding willingness to engage in (and the conditions of) sexual activity.

Consent to any one form of sexual activity cannot automatically imply consent to any other forms of sexual activity.

Previous relationships or prior consent cannot imply consent to future sexual acts.

Force is the use of physical violence and/or imposing on someone physically to gain sexual access. Force also includes threats, intimidation (implied threats), and coercion that overcome resistance or produce consent ("Have sex with me or I'll hit you. Okay, don't hit me, I'll do what you want").

Coercion is unreasonable pressure for sexual activity. Coercive behavior differs from seductive behavior based on the type of pressure someone uses to get consent from another. When someone makes clear to you that they do not want sex, that they want to stop, or that they do not want to go past a certain point of sexual interaction, continued pressure beyond that point can be coercive.

NOTE: There is no requirement that a party resists the sexual advance or request, but resistance is a clear demonstration of non-consent. The presence of force is not demonstrated by the absence of resistance. Sexual activity that is forced is by definition non-consensual, but non-consensual sexual activity is not by definition forced.

1. In order to give effective consent, one must be of legal age.
2. Sexual activity with someone who one should know to be -- or based on the circumstances should reasonably have known to be -- mentally or physically incapacitated (by alcohol or other drug use, unconsciousness or blackout), constitutes a violation of this plan.

3. **Incapacitation** is a state where someone cannot make rational, reasonable decisions because they lack the capacity to give knowing consent (e.g., to understand the "who, what, when, where, why or how" of their sexual interaction).
4. This plan also covers a person whose incapacity results from mental disability, sleep, involuntary physical restraint, or from the taking of rape drugs. Possession, use and/or distribution of any of these substances, including Rohypnol, Ketamine, GHB, Burundanga, etc. is prohibited, and administering one of these drugs to another student is a violation of this plan. More information on these drugs can be found at: <http://www.911rape.org/>.
5. Use of alcohol or other drugs will never function as a defense for any behavior that violates this plan.
6. The sexual orientation and/or gender identity of individuals engaging in sexual activity is not relevant to allegations under this plan. For reference to the pertinent state statutes on sex offenses, please see Article 7A of Chapter 14 of the North Carolina General Statutes.

STATEMENT

Any student found responsible for violating the plan on Non-Consensual or Forced Sexual Contact (where no intercourse has occurred) will likely receive a sanction ranging from probation to expulsion, depending on the severity of the incident, and taking into account any previous campus conduct code violations.*

Any student found responsible for violating the plan on Non-Consensual or Forced Sexual Intercourse will likely face a recommended sanction of suspension or expulsion.*

Any student found responsible for violating the plan on sexual exploitation or sexual harassment will likely receive a recommended sanction ranging from warning to expulsion, depending on the severity of the incident, and taking into account any previous campus conduct code violations.*

***Note:** The conduct body reserves the right to broaden or lessen any range of recommended sanctions in the case of serious mitigating circumstances or egregiously offensive behavior. Neither the initial hearing officers nor any appeals body or officer will deviate from the range of recommended sanctions unless compelling justification exists to do so.

Programs to prevent Dating Violence, Domestic Violence, Sexual Assault and Stalking

STUDENTS: The SaVE Act requires all higher education students to receive training on responding to situations of sexual assault, dating and domestic violence, and stalking. Title IX training is also required of all institutions receiving federal funding for educational programs or activities. To comply with this requirement, we use an online course developed for us by Campus Answers which has been customized with North Carolina laws to educate students on Title IX and how to respond to sex discrimination, and protect against sexual violence. It explains how the SaVE Act protects students, where it applies, and sends a strong message that sex discrimination and violence are prohibited by Wake Tech. A link to the course is emailed to all enrolled students during the first couple of weeks of the term.

EMPLOYEES: The College mandates training on the provisions under Title IX for all employees. The training is provided through an interactive module through Workplace answers. The modules in the training are: EEO Laws and Discrimination Prevention for Higher Education, EEO Laws and Discrimination Prevention for Higher Education Supervisor Supplement, Preventing Discrimination and Sexual Violence: Title IX, VAWA and Clery Act for Non-Residential Faculty and Staff, Unlawful Harassment Prevention for Higher Education Staff.

Bystander Intervention

The Clery Act defines bystander intervention as, "Safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or

stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene.” (34 CFR 668.46(j)(2)(ii))

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.” We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some ways to be an active bystander. If you or someone else is in immediate danger, call 866-5911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
2. Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
3. Speak up when someone discusses plans to take sexual advantage of another person.
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
5. Refer people to on- or off-campus resources for support in health, counseling, or with legal assistance.

Drug and Alcohol Policy

In compliance with the requirements of the Crime Awareness and Campus Security Act of 1990, the Board of Trustees of Wake Technical Community College has adopted the following policy.

The College recognizes the dangers posed by the abuse of alcoholic beverages and illegal drugs and intends to abide by and strictly enforce all state and federal laws governing possession, use, and sale of alcoholic beverages and illegal drugs, including, but not limited to, the Drug Free Workplace Act of 1989 and the Drug Free Schools and Community Act of 1989.

Policy

Students and employees are prohibited from bringing onto campus or using on campus alcohol or illegal drugs. This also includes any College activity. Limited exceptions to this policy may be granted by the College’s President or designee. The College has a Drug and Substance Abuse Council, which offers help to students and employees in seeking counseling and/or assistance programs.

- From time to time workshops and seminars are conducted on campus relating to the following subjects: Crime and Safety, Self-Defense, Drugs and Alcohol, and Date Rape.
- Other information is periodically posted on the Campus Connections website and in the student newspaper, The Student Voice, which discusses and debates health, safety, self-defense, etc., issues.
- The Chief of Police, working with and under the auspices of the College’s Drug and Substance Abuse Council, shall develop appropriate materials to be distributed to all employees explaining state and federal laws on the use, possession, and sale of alcohol and illegal drugs on and off campus at College activities and prepare educational programs on alcohol or drug abuse.
- Employees who violate state or federal laws or the College’s alcohol and drug policy while on campus or at College activities off campus are subject to prosecution by local, state, or federal officials and are subject to discipline by the College.

- The Chief of Police, working with and under the auspices of the College's Drug and Substance Abuse Council, shall develop a program to provide counseling and assistance for students and employees with alcohol and drug problems.
- All employees directly engaged in performance of work pursuant to the provisions of a federal grant or a federal contract in excess of \$25,000 must notify the college in writing of any drug-related criminal conviction for a violation occurring on or off College premises while conducting College business or activities no later than five calendar days following the conviction. The College shall within ten (10) days after receiving such notice inform the federal agency providing the grant or contract of such conviction. Within thirty (30) days following the notification of the conviction, appropriate disciplinary action shall be taken against such employees. Employees may be required at their own expense to participate satisfactorily in a substance abuse assistance or rehabilitation program.
- Nothing in this policy shall preclude the authorized possession and use on campus of drugs and/or alcohol for legitimate, educational purposes. Authorization of such possession or use must be given by the College President or his designee.

Campus Sex Crimes Prevention Act

Obtaining information on registered sex offenders

In accordance to the "Campus Sex Crimes Prevention Act" (CSCPA) of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act and the Jeanne Clery Act, Wake Technical Community College Campus Police Department is providing a link to the North Carolina Sex Offender and Public Protection Registry. This act requires institutions of higher education to issue a statement advising the campus community where law enforcement information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice of each institution of higher education in that State at which the person is employed, carries a vocation, or is a student. North Carolina law requires sex offenders who have been convicted of certain offenses to register with their county sheriff. Information about offenders is then entered into the Registry database by the sheriff's office and transmitted to the N.C. State Bureau of Investigation. The North Carolina State Bureau of Investigation collects information submitted by sheriffs in all 100 counties in the state and makes it available to the public via the Sex Offender and Public Protection Registry website. The website for North Carolina and websites for other state registries are listed below:

1. State websites: <http://www.fbi.gov/hq/cid/cac/states.htm>
2. National Sex Offender Public Registry: <http://www.nsopr.gov>

Crime statistics

Wake Technical Community College is strictly a commuter college and does not provide residential facilities. The Campus Police Chief, Michael Penry, is responsible for compiling crime statistics for Wake Tech. The chief's office is located in Room 233, Student Services Building, on the Main campus at 9101 Fayetteville Road, Raleigh, NC 27601. The Chief can be reached at the college emergency number, 919-866-5911 or office, 919-866-5532. The Wake Tech Campus Police Department maintains a close relationship with local law enforcement agencies to ensure that it is notified of any crime report that is made directly to them. The Department will disclose any crime report made directly to any local law enforcement agency by a member of the campus community.

How do we compile these statistics?

The Wake Tech Campus Police Department collects the crime statistics disclosed in the charts through a number of methods. Officers submit all incident reports to their supervisors prior to end of their shift. The supervisor reviews the report to ensure it is appropriately classified in the correct crime category. The department immediately enters the data

into the crime log. The division periodically examines the data to ensure that all reported crimes are recorded in accordance with the crime definitions outlined in the *FBI Uniform Crime Reporting Handbook* and the *FBI National Incident-Based Reporting System Handbook* (sex offenses only). Crime statistics are also collected from local law enforcement agencies and are included in this report. Separate Reports are required for the Main, Health Sciences, Northern Wake, Public Safety Training Center, and Western Wake Campuses. Crimes occurring on at satellite locations are reported in off campus property category.
