

Project Overview

Classification:
Campus/Location:

Capital Project
Eastern Wake 4.0

This project consists of designing and building a three-story, 80,000 GSF Technology 4.0 building. The building will include flexible teaching labs, high-bay training spaces, maker spaces, technology labs, computer labs and general classrooms supporting programs in Mechanical Engineering, Geomatics, Advanced Electronics, Mechatronics, Robotics/Automation, Biopharmaceuticals, Bioagriculture, Tower Erection & Repair and Unmanned Aircraft Operations & Repair. The facility and its systems will serve as a teaching tool, integrating technologies that students can manipulate and use to learn.

Budget & Financing Information

Total Budget: \$60.4M
HUB Goal: 10%

Project Status

Design: January 2022
Construction: Spring 2023
Anticipated Occupancy: Spring 2025
HUB Actual: --
