Online and Hybrid Course Information  
Students in Curriculum Education Online and Hybrid courses must complete the Course Entry Quiz during the first 10% of the course. The quiz can be found on the course’s Blackboard site on the first day of class. Students who fail to complete the quiz within the required time frame will be immediately marked as “NA” (Never Attending) and dropped from the class.

This class may include at least one proctored assignment and/or test that will require attendance at a testing center or an approved proctored location.

Course Description:  
This course provides an introduction to web development software suites. Topics include the creation of web sites and applets using web development software. Upon completion, students should be able to create entire websites and supporting applets.

Software Used to Complete Coursework:  
Adobe Dreamweaver CC (check with instructor for version)

Other Required Equipment:  
2 GB or larger flash drive. Internet access and computer to use for homework. Check system requirements for software. ILC has software available on campus for student use.

Special Instructions:  
None

Credit Hours: Three (3) Semester Hours  
Pre-requisites: DMA-030 and DRE-098  
Co-requisites: None

Course Goals:  
See Student Learning Outcomes
Student Learning Outcomes:
Upon successful completion, students will be able to demonstrate (through completion of class work and assignments):

- To create site layout, hyperlinks, format text, add images, tables, and utilize Cascading Style Sheets (CSS)
- To develop, publish and manage websites using best practices
- To comprehend the function of an applet, usability, copyright, web project management, and accessibility.
- To practice how to plan and promote a successful website

Grading:

- Grading information for this course can be found in Blackboard

Subject Areas:
Note: The order in which these subject areas are presented may be changed/modified by your instructor. This list is offered only as a guide. The pace of each class differs according to the instructional needs of the students in the class. Always consult with your instructor.

- Site layout
- Hyperlinks
- Text format
- Images
- Tables
- Cascading Style Sheets (CSS)
- Website best practices
- Applets
- Usability
- Copyright
- Web project management
- Accessibility
- Plan and promote a successful website

Employability Skills:
Each student will be evaluated based on whether he or she demonstrates the skills that make them employable in their field. These skills may include, but are not limited to: promptness, presence, verbal articulation of subject matter concepts, quality of written communications, respect for their instructor, respect for their classmates, honorable presentation of original work, gracious acceptance of constructive criticism, attention to detail, and a dedication to excellence in their academic goals. These employability skills are direct reflections of the Wake Tech's Core Values. Ask your individual instructor about how employability skills will affect your grade, and your ability to work in your chosen field once you have completed your academic goals.
Classroom Policies

- Students are responsible for all of the information presented in the Wake Technical Community College Student Handbook.
- Please note that computers are to be used at all times for official course purposes.
- Use of computers for general web surfing, e-mailing, chat room discussions, social networking, and any other non-course related task is forbidden. Violation of this rule will result in a grade deduction and possible loss of computer privileges.
- The college forbids the use of all audible electronic equipment during instructional time.
- Forbidden devices include but are not limited to: cell phones, smart phones, MP3 players, tablets, and PDAs.
- If you miss a lecture or arrive late, you are responsible for the material presented, handouts distributed, and any announcements made that day. The instructor will not provide notes for missed classes.
