Dear President Scott:

Enclosed is the NAACLS Board of Directors' official approval award for your Phlebotomy program as decided at the September 21, 2012 meeting.

This award is based on the continuing approval review process that included submission of a self-study report on February 1, 2012.

Approval for your program will continue until October 31, 2016. As a result, your program will commence the continuing approval process with submission of the Self-Study Report on February 1, 2016. Alternatively, since this program was reviewed in conjunction with the MLT program, NAACLS will accept an interim report on August 1, 2015 to extend the approval and permit a coordinated review with the MLT program. We provide this information to assist you in your program's administrative and financial planning.

This letter and the accompanying award represent formal approval by NAACLS.

Sincerely,

Gerald A. Phipps  
President, NAACLS Board of Directors
