

A GLIMPSE AT YOUR **IMPACT**

Dear Friend of Wake Tech,

Thanks so much for receiving this report—it details the impact of your philanthropy at Wake Tech!

Our mission is to make an education possible for anyone in our community who wants one—and YOU help make that happen! Your support is vital in our efforts to train and educate our neighbors for the workforce of today and opportunities of tomorrow.

The last three years have brought many challenges to our community—you were the light and hope for our students! And now, as we face uncertainty locally and around the globe, we continue to work hard to give our Wake Tech community the support they need to succeed.

To all of you—individual donors, corporate partners, employees, and friends of all kinds—thank you for making Wake Tech your community’s college and continuing to rally around our students!

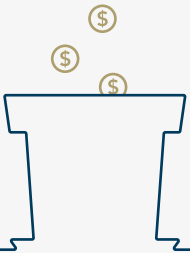

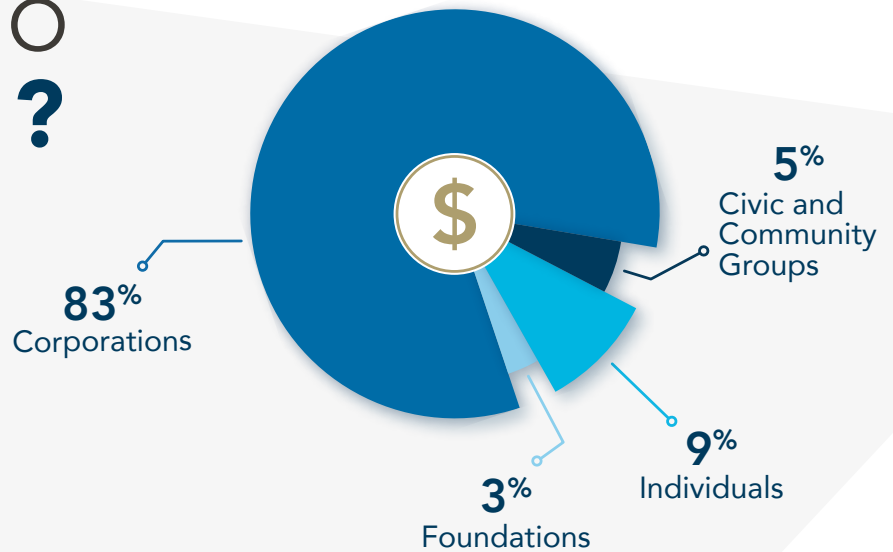

Here’s a quick glimpse of the impact you made in 2021-22—our most successful year ever! Should you have any questions, I can be reached at 919.866.5988 or mbsmith9@waketech.edu.

With gratitude,

Matthew B. Smith
Vice President, Development & Strategic Partnerships

\$1,421,415

Spent in college support

1,520

Scholarships

\$730,575

In scholarship awards

ANA-LILIA REBOLLAR-SOLIS

Sometimes life sends you gifts when you most need them, and I am so thankful to have been chosen for a scholarship. This scholarship is going to help me reach my goal of graduating with an Associate degree in Advertising and Graphic Design in May of 2023. After graduating, I plan to continue my career in graphic design and help small businesses in the community where I grew up. This scholarship will help me tremendously and there are no words to thank you enough for this wonderful blessing!

CALEB POWELL

I am not only truly honored, but also extremely grateful for your financial support. Being from the state of Georgia, I knew I would encumber out-of-state financial challenges, but I still chose Wake Tech because of its unparalleled automotive educational resources and highly regarded reputation. This scholarship award will help alleviate some of my financial burdens and help me stay on the path of completing the Automotive Technology Associate degree program. Thank you once again for this most generous gift!

BUILD A FUTURE. LEAVE A LEGACY.

Charitable giving is more powerful and effective when it takes into account today and the future. As a dedicated supporter of Wake Tech, we'd like to invite you to amplify your impact with a planned gift. A blended planned and annual giving strategy supports the college's mission today and for generations to come.

The most common planned gifts are bequests to the college made in a will or living trust, or naming the college as a beneficiary of a retirement plan or life insurance policy. If you've already included Wake Tech in your estate plan, thank you! Please let us know so we can ensure your gift is allocated according to your wishes.

For more information, contact **Roxanne Miller at 919-866-5926** or **rmiller1@waketech.edu**.

THANK YOU AGAIN!

Your generosity is instrumental to our efforts to train and educate students for the workforce of today and opportunities of tomorrow. Our students understand and appreciate how much their experience at Wake Tech is enhanced by gifts from donors like you. Your generosity not only touches their lives every day, but also inspires them to make a difference in the world, just as you have done with your financial commitment.
