

Safety Standards Label/Marking Verification

1. Locate safety label on equipment. Make note of Lab, Item Description, and Model/ID #.

Lab: UL
Item Description: Air Conditioner
Model: ARC-14SH

Lab: CSA
Item Description: Angle Grinder
Model: DWE4120

Lab: Intertek – ETL
Item Description: Reciprocating Saw
Model: 62370

2. Access appropriate Lab’s Product Listing Directory using websites linked in the following table.

Product Listing Directory		
Applied Research Laboratories	LabTest Certification, Inc.	QPS Evaluation Services, Inc.
CSA International	MET Laboratories	SGS Consumer Testing Services
Curtis-Straus (Bureau Veritas)	National Technical Systems (NTS)	Southwest Research Institute
FM Approvals LLC	NEMKO North America, Inc.	TUV SUD America
IAPMO EGS	NSF International	TUV Rheinland of North America
Intertek Testing Services ITS-ETL	Omni-Test Laboratories	Underwriters Laboratories, Inc.
Intertek Testing Services ITS-Warnock	PFS Corporation	ALI Certified Lifts

3. Search Lab’s Product Listing Directory using the Model/ID #. Verify all information in the Listing matches the Label on the equipment. Examples are on the following pages.

Search for Product Listing Class Description

Every product that bears a CSA mark is listed in the CSA Group Product Listing. You can determine if a product has been evaluated by CSA Group by searching below. You can search by:

- Product type (using the keyword function) For more search results, please use the Symbol * before and after the keyword
- Industry
- Manufacturer name or location
- Listing record information (*file number, class number or class description) *Do not use alpha characters when performing a search

This database is updated daily as product records are updated by CSA Group.
