WAKE TECHNICAL COMMUNITY COLLEGE  
**TRANSPORTATION MANAGEMENT (C25620DB)**  
PROGRAM PLANNING GUIDE

*This program planning guide is for advising purposes only and is subject to change.*

This certificate is designed to give students a broad foundation in transportation management. Emphasis is placed on providing an overview of the major functions of arranging and coordinating the transportation of products globally. Students will also gain an understanding of all activities involved in the flow of products and information between the suppliers, customers, producers, and service providers. Upon completion students will understand the basics of distribution management.
