

2024*FA*C25620GL

WAKE TECHNICAL COMMUNITY COLLEGE
GLOBAL LOGISTICS TECHNOLOGY CORE (C25620GL) Certificate
PROGRAM PLANNING GUIDE

This program planning guide is for advising purposes only and is subject to change.

This certificate is designed to give students a broad foundation in global logistics. Emphasis is placed on import/export management, purchasing and the impact on materials management, supply chain, transportation, and global logistics processes. Student will also gain an understanding of all activities involved in the flow of products and information between the suppliers, producers, customers, and service providers. Upon completion, students will understand the basics of global logistics.
