

## Associate in Arts, Associate in Science, and Associate in Fine Arts Degrees

### Required Credits

The Associate in Arts, Associate in Science, and Associate in Fine Arts degrees require between 8 and 10 Universal General Education Transfer Courses (UGETC). These transferable courses must be chosen from the specific lists for each degree.

| <b><u>Associate in Arts</u></b>                                                                                                                                                                                        | <b><u>Associate in Science</u></b>                                                                                                                                                                                     | <b><u>Associate in Fine Arts</u></b>                                                                                                                                          |

The Associate in Fine Arts curriculum changed effective Fall 2025.

Please note that students are required to take 3 credits from Humanities/Fine Arts and 3 credit hours in Communication (COM-120 or COM-231).

Below is a list of General Education and Elective courses offered at WTCC. All of these courses are considered transfer courses.

\*Courses marked with an \* will count as General Education courses.

<sup>s</sup>Courses marked with an <sup>s</sup> are traditionally for the Associate in Science degree. Associate of Arts and Associate of Fine Arts students should speak with an advisor before taking these courses.
