Online

ESL 6 and higher

What's an IET?

Integrated Education & Training

An IET is a program that provides you:

- Workforce training & industry-recognized credentials
- English classes in the topic of your workforce training
- Workplace readiness classes in customer service, interview skills, and more
- Job Fairs to meet local employers ready to hire you!

Common Questions

I like two of them!! Can I take two Intro classes that meet at the same time?

You can only take one class that meets at a certain time. You can take the other at a different time or wait and take the other one next term.

Do I have to take a reading class while I take an Intro class?

Yes. Intro classes are electives. You must also attend a reading class.

I work on Tuesdays. Can I only come on Thursdays?

Like reading classes, 75% attendance is required. It's important to attend both days.

Do I earn a credential in the Intro class?

These classes introduce you to career options in the career pathway. Then you can take an IET or another training in the career you want to pursue.

How do I register?

Indicate your choices on your **Registration Form for New Term** from Advising

Already complete your form? Contact your advisor!!!

Who's my advisor? Not sure? Email:
