LOG-235   Import/Export Management...................3

LOG-225   Logistics Systems...............................4

ECO-251   Principles of Microeconomics..................3

LOG-240   Purchasing Logistics..........................3

TOTAL HOURS.................................16

SUPPLY CHAIN MANAGEMENT

(Global Logistics Technology)

A25620G A.A.S. Degree

FOURTH SEMESTER

BUS-115   Business Law I................................3

HUM-115 Critical Thinking.............................3

LOG-250   Advanced Global Logistics...................4

LOG-245   Logistics Security.............................3

****Major Elective List...........................3

TOTAL HOURS.................................16

MAJOR ELECTIVE LIST (choose a minimum of 3 hours)

BUS-153 Human Resources Management.................3

BAS-120 Introduction to Analytics.....................3

BAS-121 Data Visualization.............................3

WBL 111 Work-Based Learning I (160 hours)..............1

WBL 112 Work-Based Learning I (320 hours)............2

WBL 121 Work-Based Learning II (160 hours)..............1

Wake Tech's Supply Chain Management program allows students
to learn about the international and domestic movement of goods from the raw materials sources through production and ultimately to the consumer. The program serves both entry level students and also those employed in the field who may need to upgrade their skills or acquire new ones.

WAKE TECH
