ENG 114	Professional Research and Reporting	3

**Completion Requirement 17 credit hours**

Updated: 10/14/2015

**Accounting—D25100  
Diploma**

The Accounting Diploma provides students with a basic accounting skill set and overall knowledge enhanced by selected accounting electives and a potential cooperative education experience. After the Accounting Diploma program is started, a student may elect to pursue an A.A.S. Degree in Accounting or after the Accounting Diploma is awarded, a student may return to Wake Tech to earn an A.A.S. Degree in Accounting.

The curriculum is designed to provide students with the knowledge and skills necessary for employment and growth in the accounting profession. Diploma graduates should be able to pursue a variety of entry-level accounting positions in private industry, accounting firms, and government agencies. In order to complete the diploma program in three semesters, the program must begin in the fall semester.

**First Semester**

## Accounting–A25100 A.A.S. Degree

The Accounting curriculum is designed to provide students with the knowledge and skills necessary for employment and growth in the accounting profession. Using the “language of business,” accountants assemble, analyze, process, and communicate essential information about financial operations.

In addition to course work in accounting principles, theories, and practice, students will study business law, finance, management and economics.

Related skills are developed through the study of communications, computer applications, financial analysis, critical thinking skills, and ethics.

Graduates should qualify for entry-level accounting positions in accounting firms, manufacturing firms, small businesses, hospitals, school systems, banks, and government agencies. With experience and additional education, an individual may advance in the accounting profession.
