Dear Dr. Scott:

Thank you for your letter of November 7, 2008, listing percentages of programs which can be earned online. The previously approved programs and percentages are as follows:

Architectural Technology (21%)
Dental Hygiene (21%)
Emergency Medical Science (16%)
Hotel and Restaurant Management (Over 50%)
Interior Design (21%)
Landscape Architectural Technology (37%)
Medical Assisting (Over 50%)
Medical Laboratory Technology (24%)
Nursing (24%)
Radiography (19%)
Surveying Technology (45%)

Since the institution has already been approved for the online delivery of 50% or more of a program's credits and since all of the above programs are currently approved programs and do not represent a significant departure from initially approved programs, these are not considered to be substantive changes. We accept the information and request no further information. We wish you well as you continue to provide online opportunities for your students.

Best regards,
