Dr. John B. Boone
Director of Institutional
Effectiveness, Research, and Events
Wake Technical Community College
9101 Fayetteville Road
Raleigh, NC 27603-5696

Dear Dr. Boone:

Thank you for your letter of June 23, 2011, notifying the Commission of the intent to add several new programs, effective January 2012. All will be offered face-to-face on the WTCC main campus.

Embedded Diploma and Certificates

From the approved A.A.S. in Web Technologies:

Diploma in Mobile Content Development
Certificate in IOS Application Developer
Certificate in Android Application Developer

From the A.A.S. in Computer Information Technology:

Certificate in Health Care Informatics
Certificate in Open Source IT

We accept the notifications and require no additional information.

A.A.S. in Geographic Information Systems

The A.A.S. in Geographic Information Systems will replace the program in Geospatial Technology which had been offered through a collaborative arrangement with Central Piedmont Community College. That agreement was terminated as of spring 2011. Most of the courses specific to the Geospatial Technology program were offered by Central Piedmont Community College, not by WTCC. **Please provide the following information:**

Page 2
Dr. Boone
July 18, 2011

- Course descriptions of the GIS courses in the program.
- A completed faculty roster, using the form published on our website (www.sacscoc.org).
- A discipline-specific description of the library and learning resources available to students in this program.

Action on the program will be deferred pending review of the requested information.

Best regards,

A handwritten signature in cursive script that reads "Belle S. Wheelan".

Belle S. Wheelan, Ph.D.
