Dear Dr. Boone:

Thank you for your letter of November 16, 2011, and the notification of your intent, effective January 2012, to offer the College Transfer Pathway – Engineering and Mathematics (32 semester hours) to qualified high school students on Wake Tech's approved campuses. The courses are derived from the approved curriculum, replacing the state's Huskins and Learn and Earn programs.

Since this is not a significant departure from your approved curriculum, we accept the notification for the College Transfer Pathway – Engineering and Mathematics program and request no additional information from you.

Best regards,
