

July 11, 2012

Dr. John B. Boone
Director of Institutional
Effectiveness and Research
Wake Technical Community College
9101 Fayetteville Road
Raleigh, NC 27603-5696

Dear Dr. Boone:

Thank you for your letter of February 21, 2012, providing a prospectus which we requested in our letter to you, dated January 12, 2012, concerning the A.A.S. degree in Business Analytics to be offered fall 2012.

Also enclosed with the prospectus was \$300 to help defray the cost of reviewing the prospectus.

The program is designed to provide students with the knowledge and skills necessary for employment and growth in the analytical profession. Additional background information was provided as requested. Evidence of assessment of need for the program was provided. The program will be offered in traditional format at the main campus in Raleigh, NC, at the North Campus (6600 Louisburg Road, Raleigh, NC), and the Western Wake Campus (3434 Kildaire Farm Road, Cary, NC).

Physical facilities and financial resources to support the program appear adequate. Processes for evaluation and assessment at the College were described. Learning resources were described in an earlier submission by the College. Additional information concerning the qualifications of Mr. Johnny Shull to teach courses assigned to him documented appropriate qualifications.

We approve the A.A.S. in Business Analytics degree program to be offered, effective fall 2012, and request no further information.

Best regards,

Belle S. Wheelan, Ph.D.
President
