Dear Dr. Boone:

Thank you for your letter of April 22, 2014, providing notification that the College will offer the A.A.S. in Computer Technology Integration: Technical Customer Support, effective January 2015.

The new degree program will consist of courses which are embedded in the approved A.A.S. degrees in Computer Technology Integration, Networking Technology, and Computer Information Technology. It will be offered at both the main campus and the approved North campus. Because the program is not significantly different from approved programs currently offered by the College and because no significant new resources will be required, it is not considered to be a substantive change requiring approval.

We acknowledge the information and will add it to our files.

Best regards,

Belle S. Wheelan, Ph.D.
