Dr. John B. Boone  
Dean of Institutional Effectiveness,  
Accreditation, and Research  
Wake Technical Community College  
9101 Fayetteville Road  
Raleigh, NC 27603-5696

Dear Dr. Boone:

Thank you for your letter of May 12, 2015, notifying the Commission of the institution's plan to offer a Certificate program in computer controlled welding, effective fall 2015.

The institution currently offers the Associate of Applied Science (A.A.S.) degree program in welding technology. The 18-hour certificate program is a repackaging of existing courses included in the A.A.S. degree program and does not appear to be a significant departure from current programs.

**We accept notification of the Certificate program in computer controlled welding and request no further information.**

Best regards,

Belle S. Wheelan, Ph.D.  
President
