

October 1, 2015

Dr. John B. Boone  
Dean of Institutional Effectiveness,  
Accreditation, and Research  
Wake Technical Community College  
9101 Fayetteville Road  
Raleigh, NC 27603-5696

Dear Dr. Boone:

Thank you for your letter of June 16, 2015, notifying the Commission of a new AAS in Facilities Technology: Multi-Trades degree. Your letter provided a course crosswalk delineating existing courses from other approved programs that are embedded in the new program; the new AAS degree is essentially a repackaging of currently-approved courses across related programs.

The institution intends to offer 40% of the credits leading toward the degree at the approved off-campus site beginning fall 2015:

Vernon Malone College and Career Academy  
2200 South Wilmington Street  
Raleigh, NC 27601

The new degree will be offered at Wake Tech's main campus beginning fall 2016. The new program is not a significant departure from the institution's approved programs.

**We accept the notification of the AAS in Facilities Technology: Multi-Trades degree and require no additional information.**

Best regards,

Belle S. Wheelan, Ph.D.  
President
