Dear Dr. Ralls:

Thank you for submitting the following substantive change:

Substantive change:

Program Closure

Certificate Program in Principles of Corrections

Submission date:

2/15/2019

Implementation date:

8/1/2019

Case ID:

SC005058

Wake Technical Community College will close and create new certificate programs under the existing Associate in Applied Science (A.A.S.) degree programs in Criminal Justice, Fire Protection Technology, Early Childhood Education, and Accounting.

Three new certificate programs will be offered that replace certificates that are being terminated. These new programs are the Certificate in Security and Intelligence Analysis (Criminal Justice Technology), Certificate in Police Records Specialist (Criminal Justice Technology), and Certificate in Introduction to Fire Service (Fire Protection Technology). Three new certificates will be offered in the existing A.A.S. degree program in Accounting: Certificate in Advanced Accounting, Certificate in Bookkeeping, and Certificate in Management Accounting/Decision Making. These programs come from or are closely related to existing programs.

The Principles of Corrections Certificate program under Criminal Justice Technology will be closed. Students enrolled in the terminated certificate program will be notified of the closing and will be allowed to complete the program or transfer into another academic program. They will not incur any additional charges as a result of the program closure. No faculty or staff member will be affected by the closure. They will continue to work in the parent A.A.S. degree program.
