

March 18, 2013

Dr. John B. Boone  
Director of Institutional  
Effectiveness and Research  
Wake Technical Community College  
9101 Fayetteville Road  
Raleigh, NC 27603-5696

Dear Dr. Boone:

Thank you for your letter of October 30, 2012, providing notification of new programs to be offered fall 2013.

Computer Programming: Fundamentals of Computer Programming Certificate  
Computer Programming: Advanced Computer Programming Certificate

These two certificates consist of courses embedded in the approved Associate degree in Computer Programming. Thus they are not considered to be significantly different programs and do not require notification.

**We acknowledge the information, will add it to our files, and request no further information.**

Associate in Fine Arts: Art  
Associate in Fine Arts: Music and Music Education  
Associate in Fine Arts: Music Technology and Business

The notification indicates that 31 of the 64 credit hours are in the Associate of Arts degree program. It appears that these programs in an Associate in Fine Arts degree are significantly different from programs currently offered. Thus a prospectus for approval of the programs should be submitted at least three months prior to implementation.

**We accept notification of the offering of the above programs, effective fall 2013. Please submit prospectuses for each of the programs at least three months prior to implementation.** Information concerning the content of the prospectus may be found in the *Substantive Change Policy* available on our website, [www.sacscoc.org](http://www.sacscoc.org). Should you need her advice, please contact your staff representative, Dr. Robin W. Hoffman, by telephone at 404-679-4501, ext. 4587, or by email at [rhoffman@sacscoc.org](mailto:rhoffman@sacscoc.org).

Best regards,

Belle S. Wheelan, Ph.D.  
President
