Dear Dr. Scott:

Thank you for your letter of August 12, 2005, and the notification of your intent to offer 25% of the credits for the Associate in Arts degree program at the Western Wake Center effective Fall 2005. **What is the street address for the Center?** At the point where 50% or more of a program's credits are available at the Center, we require a prospectus for review and approval. Should you need his advice or assistance, please call upon Dr. Michael Johnson at 404-679-4501, ext. 514, or email: mjohnson@sacscoc.org.

As I understand it, you plan to occupy the North Campus in the Fall Term 2007, where you will offer both the Associate in Arts and the Associate in Science degree programs. The initiative will also require a prospectus for review and approval. There is no problem in your submitting a single prospectus for the two sites, if the Wake Center is at the point where a prospectus is required. We require notification six months prior to implementation and the submission of a prospectus at least three months prior to implementation.

I hope that this new academic year has begun well for you and your colleagues.

Best regards,
