Dear Dr. Scott:

Thank you for the prospectus dated April 28, 2006, for the Western Wake Campus to be implemented from August 2005 through May 2007 at the following address:

Millpond Village Office Building
3434 Kildare Farm Road
Cary, NC 27511

This will be the second off-campus site at which you offer 50% or more of a program's credits. Your intention is to provide at the site all the for-credit courses required in the Associate in Arts college transferable degree programs, as well as non-credit programs in business and industry training, occupational education, biotechnology, and other areas. Please address the following:

1. Describe the electronic and print library resources available to your students.
2. Describe how the institution ensures that students have access to regular and timely instruction in the use of the library and other learning/information resources.

We shall continue to consider your proposal as we await additional information. Enclosed is an invoice for \$300 to defray the costs associated with the review of this substantive change.

Best regards,
